PROFESSIONAL EXPERIENCE

Software Developer

Mar 2025 – Present

[IOCOD Infotech Pvt Ltd.](#) | Kozhikode, Kerala

- Engineered responsive UI components and web applications using Vue.js (v2 & v3) with Nuxt.js (SSR) and React.js with Next.js, improving performance and SEO.
- Built and maintained modular, reusable UI components within design systems, reducing development time and improving code consistency.
- Contributed actively to Agile sprints—planning, stand-ups, and retrospectives—consistently delivering tasks within deadlines.

Software Engineer

Dec 2021 – Feb 2025

[Alokin Software Pvt. Ltd.](#) | Trivandrum, Kerala

- Developed intuitive, high-performance UI components and web applications, enhancing user experience and engagement across multiple client products.
- Built and maintained reusable, scalable components within design systems using Vue.js and Svelte, ensuring consistency and accelerating development velocity.
- Designed and managed RESTful APIs with Node.js and MySQL, enabling efficient data handling and seamless frontend-backend integration.
- Worked in Agile environments, contributing to sprint planning, stand-ups, and retrospectives while consistently delivering features on schedule.

KEY ACHIEVEMENTS

- Reduced page load time by 40% through advanced caching strategies, lazy loading, and code-splitting techniques.
- Implemented SEO best practices (Core Web Vitals, structured data, meta tags), resulting in a 40% increase in organic traffic.
- Published lazy-svelte-image on npm — a customisable lazy-loading image component for Svelte with support for custom loaders and error states.
